

At Beyond, we pride ourselves on creating a perfect custom fit for every customer. If you fit specifically within these measurements, you may now order a standard size. Even if this is the case, we highly recommend offering as much information within "Measurements" and "Build" as you are able.

If these measurements really don't portray YOUR body, please take the time to fill out all of the sections within "Measurements" and "Build". Your new Beyond will fit better, and make you feel and look better.
